ABOUT ME

Graduate Student | Web Developer with Expertise in HTML/CSS, JavaScript, and React

I'm a dedicated graduate student majoring in Computer Science and Engineering at Sejong University. With a strong foundation in computer science, I specialize in web development, bringing hands-on experience in HTML, CSS, JavaScript, and React to the table. My passion for coding and design is complemented by my commitment to expand my expertise into backend and data engineering. I aim to bridge the gap between front-end and back-end technologies, crafting seamless user experiences with innovative solutions.

WORK EXPERIENCE

Professor assistant on Web programming

Sejong University [10/09/2019 – 20/12/2019]

City: Seoul

Country: South Korea

- Help to make tasks for students
- Checking Assignments & Labs
- Helping students

OP Team

Hanpass [20/07/2022 – Current]

City: Seoul

Country: South Korea

Contributed to the establishment and enhancement of a GroupWare environment system, facilitating the streamlined approval, rejection, and request processes for transactions. Played a key role in addressing technical challenges and overseeing transactional activities. Engaged in negotiations with esteemed partners like Western Union, Contact, and KoronaPay, fostering collaborative relationships. Responsibly addressed and resolved transactional issues, ensuring operational continuity.
